Toronto	https://www.toronto.ca/home/covid-19/affected-city-services/	<p>Toronto Building will not be able to accept or issue building permits. In addition, no preliminary project applications, zoning reviews, or property information letters can be applied for, processed or issued.</p>	<p>No progress inspections will be undertaken by City Inspectors during this service disruption. However, construction may proceed without a City inspection, provided the applicant submits a report from the qualified designer responsible for the design, after City services have resumed. This report must demonstrate, with supporting documentation, that the construction was carried out in accordance with the approved drawings and the requirements of the Ontario Building Code. Toronto Building will require and review documentation provided by the applicant after this service disruption.</p>	<p>24/7 emergency building inspections services will continue. Suspended services include all building inspection services other than emergency inspections.</p>		19-Mar-20
